

ENVIRONMENTAL INSIGHTS..

ISSUE 44

The CIP Environmental Insight is a bimonthly update of what's happening around the environmental agenda within the built environment. It's free and open to everyone. Some content is only available to subscribers of the CIP Environmental Manual and CIP Knowledge.

Innovations in the built environment

In ISEP's latest edition of Transform, Chris Seekings Deputy Editor, examines three technological innovations that are transforming the construction sector, helping to slash waste, energy use and emissions while boosting companies' bottom line.
