

HEALTH & SAFETY INSIGHTS..

ISSUE 15

The CIP Health & Safety Insight is a bimonthly update of what's happening around the health and safety agenda within the built environment. It's free and open to everyone. Some content is only available to subscribers of the CIP Health and Safety Manual and CIP Knowledge.

Dust kills: HSE respiratory health site inspection initiative

Every week, workers in the construction industry develop serious lung diseases as a result of dust exposure that can have a devastating impact on them and their families.

Building Safety Act 2022

The Building Safety Act received Royal Assent in April 2022. It is now law, paving the way for the most significant changes to building safety regulation in a generation.

Whilst the final text of the [Act](#) is yet to be published, we expect it to incorporate a number of key changes.
